

In this 90-minute art class, your child will experience creative expression through painting. He/she will be taught the basic elements (line, texture, shape, color, value, and composition) to develop an artist's eye. They will use these newly learned skills, along with professional artist materials, to create their own works of art, which will be saved in a personal portfolio throughout the session.

Date: One day per week, Tuesday or Thursday, beginning April 15 or April 20.
